

When the stars align, it's time to Retire !!!

**Myron
Rozumiak**

**Maria
Carter**

You are invited to join **Myron** and **Maria** in a joint celebration of their retirement. Amazing as it is, after their many years of working together and then later in life apart from one another, these two 'best of friends' official retirement dates are exactly the same - March 31, 2010!

With that, we reach out to all of Myron's and Maria's industry friends to join together to bid these two industry icons farewell to workload and hello less work!
